**Education is not the filling of a pail,
but the lighting of a fire**

William Butler Yeats (W. B. Yeats) (1865–1939) was a towering Irish poet, dramatist, and mystic. A leader of the Irish Literary Revival, he co-founded Dublin's Abbey Theatre and became the first Irish writer to win the Nobel Prize in Literature in 1923. His work evolved from ethereal, folklore-inspired verse to modernist political poetry.

“The Beautiful thing about learning is that no one can take it away from you.”

It is my pleasure to welcome you to one of the finest educational institutions. As parents, selecting a school for your child is one of the most significant decisions you will make. We are strongly committed to ensuring that every day, each student receives the extraordinary care that is the aim of Mother Theresa School.

At Mother Theresa, it is our mission to provide each student with an exemplary educational experience with an international perspective. Mother Theresa School is recognised for its hallmark initiatives in academic excellence, environmental conservation, peace and value-based education, and community integration. Our students will receive a broad exposure through participation in diverse school activities and external programs, offering fruitful opportunities for learning and overall personality development. Our students can compete successfully with the best students in the world.

In addition, they exhibit strong character, leadership, resiliency, and show compassion for others. We are committed to ensuring that our students not only get a good education, but their experience with us will change their lives. I am honestly inspired by the possibilities that lie before our school this year and in the years to come.

“I wish all the Mother Theresians a successful and bright future.”

DR. M. RAVINDRA BABU

Mother Theresa English Medium School - Investiture Ceremony (2026-27)

The 'Investiture Ceremony'—the official swearing-in event of the School Leadership Council for the academic year 2026-27—was organized with grand celebrations at Mother Theresa English Medium School. The festivities commenced with a colorful parade on the school campus grounds. The dignitaries and student leaders were escorted

to the stage to the rhythmic beats and accompaniment of the school band, who were smartly attired in red and white uniforms with berets. The campus resonated with pride and enthusiasm as the well-drilled band cadets marched in sync with drumbeats and bugle calls. Following this, cadets and house leaders carrying

the flags of various school houses conducted a disciplined and commanding march past, adding grandeur to the occasion.

Chief Guest and School Correspondent, Mr. Ravindra Babu Garu, addressed the gathering with an inspiring message. He reminded the students

that leadership is not merely a position or wearing a badge, but a great responsibility requiring discipline and exemplary behavior. He pointed out that the leadership skills acquired during student life empower individuals to conquer greater goals in the future. Urging the newly elected council members to remain committed to upholding the school's honor and discipline, he extended his warm wishes to all the office bearers.

Following him, School Principal, Dr. David Bercmans, delivered a motivating speech that infused great enthusiasm and direction into the students. He emphasized the importance of such ceremonies in nurturing

leadership qualities and moral values among students. He stated that a good leader should always be willing to listen to and assist others. Reminding them that honesty, empathy, and hard work should guide the new student council, the Principal called upon the newly elected leaders to

work hand-in-hand with teachers for the progress of the school.

The most awaited moment of the event—the announcement and induction of the new school leaders—was received with thunderous applause from the audience. Akhil was officially elected as the School Head Boy, and Tejashree was elected as the School Head Girl for the academic year 2026-27. The chief guests and teachers conferred the official badges and sashes upon the new leaders. Subsequently, in the presence of the Principal, the office bearers took their solemn oath in front of the school flag, promising to uphold the school's discipline and honor while working for the welfare of all students.

Additionally, key leadership roles across other major domains were announced during the ceremony. Pavan Sai was elected as the Sports Captain to lead the school's athletic endeavors, entrusted with the responsibility of taking the school's sports excellence to new heights. Prem Kumar was elected as the Cultural Captain to lead creative activities and cultural events. The school expressed confidence that this talented leadership team would bring fresh energy and enthusiasm to the institution.

To foster creative competition and teamwork among students, office bearers for the four inter-houses—Ignis, Aqua, Terra, and Ventus—were also inducted. House captains and leaders were

honored on stage with badges. The house leaders and cadets received their respective house flags, pledging to guide their houses through upcoming competitions with discipline and true sportsmanship.

Adding splendor to the ceremony, students performed vibrant cultural programs. A dance

presentation by girls performing Bharatanatyam and classical dance steps in traditional Indian attire captivated the audience. Following a formal welcome where guests were presented with bouquets, these classical performances enriched the stage. Furthermore, students energized the crowd with high-energy group dances and western fusion performances set to modern western music while dressed in trendy outfits.

This Investiture Ceremony turned out to be one of the most memorable chapters in the history of Mother Theresa School. Towards the conclusion of the event, the new council members and students expressed their gratitude to the chief guests, teachers, and parents. The event officially drew to a close with the singing of the National Anthem, as all elected student leaders stood ready and committed to fulfilling their new responsibilities with utmost dedication.

A Marvelous Science Exhibition at Mother Theresa CBSE School

SciTech Showcase

Opening the doors to the wondrous world of modern science, the grand science exhibition held at Mother Theresa CBSE School literally transformed into a festival of knowledge. It was a golden opportunity for the students to beautifully present their creativity and scientific aptitude on a practical level, moving far beyond the knowledge

confined to the pages of textbooks. Organized with the aim of identifying the immense hidden talents within the children and introducing future scientists and technologists to society, this exhibition created a great sense of wonder among the spectators. It was a novel experience for everyone to witness all branches of science,

including robotics, chemistry, physics, and environmental science, lined up under a single roof. This exhibition was the greatest proof that this young generation has started viewing science not merely as a subject to study, but as a powerful tool to rewrite human life. As every classroom turned into an experimental laboratory, the confidence of the children as they eloquently explained their little inventions to the visitors was truly astonishing.

Projects that integrated robotics and chemistry, the newest faces of technology, were among the main attractions of the fair. The robotic cars built by students who had mastered cutting-edge technologies at a young age captivated the visitors

for a long time. The self-driving cars that navigated obstacles using sensors, and the robots that operated precisely through remote control systems, were a direct reflection of the children's hard work and technical perfection. More than just toys, these robotic cars delivered a profound message about future transportation systems and automation. The precision the students showed in accurately connecting electronic circuits and motors to make them functional is highly commendable. The children clearly explained to the visitors how to give instructions to machines and how they can be utilized for human needs.

The interesting yet thought-provoking experiments presented by the students in the chemistry section captured everyone's attention.

Among the experiments conducted by the children highlighting the endless possibilities of chemical reactions, the 'sound bombs' they created garnered the most attention. Conducted in a completely safe manner, this experiment, which produced sound using the pressure of gases generated when chemicals react, was a practical presentation of scientific principles. They explained in very simple language how sound waves are generated and how energy is released through chemical reactions. There were also numerous integrated projects at the fair proving that chemistry and robotics are not separate branches, but are interconnected. Experiments based on electric waves further enhanced the

exhibition. The models demonstrating how energy is transferred through invisible electromagnetic waves and the foundational concepts of wireless technology surprised even the adults.

Alongside technology and machines, projects that gave immense importance to nature conservation and the environment occupied a significant portion of the exhibition. One that deserves special mention is the beautifully crafted model of 'Artificial Water Falls' prepared by the students. Through this model, they explained how water can be conserved naturally and how the water cycle works in nature. They recreated a green ecosystem with trees and vegetation in a way that felt incredibly real. Built using waste materials like cardboard and plastic bottles, this artificial waterfall conveyed a strong message about waste management and recycling. Smart city projects, which illustrated how urbanization is possible without destroying nature, also echoed their environmental awareness. Behind every nature-based model was the great mind

of a younger generation eager to understand and protect nature.

Behind these monumental achievements of the students, the tireless efforts of the teachers at Mother Theresa CBSE School and the tremendous support of the parents deserve special mention. The students brought their projects to full fruition after months of preparation. From the conceptualization phase to their practical construction, teachers were actively involved at every step, standing by the children to encourage them and clear their doubts. The care shown by the teachers on the day of the exhibition, standing alongside the children at each stall to boost their confidence and help them convey their ideas to the visitors

in the best possible way, is highly praiseworthy. The massive success of the fair is proof that the school and its teachers succeeded in teaching the children that science is not just a subject to be memorized, but something to be discovered through observation and experimentation. For the

parents and other visitors who came to see the exhibition, the extraordinary talents of the children brought immense joy and pride.

More than just a science exhibition, this science fair became a great motivation to broaden the students' realms of thought and to experiment and discover new things. In this modern era where robotics, artificial intelligence, and other innovative technologies are rapidly changing the world, the energy that such science fairs impart to children is not small. This platform, which allowed them to think freely and conduct their own

experiments without the fear of making mistakes, will undoubtedly become a major stepping stone in shaping the best engineers and scientists of the future. This fair succeeded in creating a deep awareness among the children about the endless possibilities of science and in nurturing their research interests. This grand feast of knowledge hosted by Mother Theresa CBSE School concluded by leaving a deep love for science in the heart of every participating child. This great festival of knowledge and talent is a tremendous asset not only for the school and the local community but also for the future world of science.

Hand in Hand into the New Academic Year: Orientation Program Organized for Parents from Nursery to Grade 5 at Mother Teresa CBSE School

With the objective of achieving holistic development for students and building a bright future for them, a Parent Orientation Program was grandly organized in the auditorium of Mother Teresa CBSE School for parents of students from Nursery to Grade 5. Emphasizing the necessity for teachers and parents to work shoulder-to-shoulder, the event clearly communicated educational approaches for young learners and the school's overall vision.

Principal Dr. David Bercmans's Message: 'Education is a Collective Effort'

Presiding over the function, the respected School Principal, Dr. David Bercmans, addressed the parents. He reminded everyone of the equal roles played by both the school and the home in shaping a child's early character and academic excellence.

"A child's success is not complete through schooling alone; rather, it is achieved through open communication and mutual cooperation between parents and teachers." - Principal Dr. David Bercmans expressed.

He also detailed the school's infrastructure and the key learning goals planned for the young students in the upcoming academic year.

Planning and Approach for Kindergarten and Primary Sections

Following the Principal's address, Kindergarten Coordinator Mrs. Jona and Primary Section Coordinator Mrs. Shyamala and secondary Coordinator Mrs. Elisa presented the academic plans for the new school year:

Full Attendance and Lighting of the Lamp by Parents

The program commenced with the school prayer. A notable highlight of the event was the complete attendance of parents of students from Nursery through Grade 5. Along with the distinguished guests and school authorities, selected parent representatives from the audience were warmly welcomed onto the stage to jointly light the traditional lamp. This inclusive beginning earned widespread appreciation from the gathering.

* Nursery & Kindergarten: Mrs. shyamakla presented activities designed to ensure a smooth

transition into school life and the overall happiness of the little ones. She provided practical guidelines to parents regarding play-way learning methods, personal hygiene, healthy eating habits, and how children can comfortably adapt to the school environment.

* Grades 1 to 5 (Primary): Mrs. Shyamala emphasized that the primary years are crucial for building a strong academic foundation. She discussed new teaching methodologies that integrate creativity with co-curricular activities, as well as the support required at home to foster reading habits and basic mathematical skills.

Teacher Introductions and Experience Sharing

The most attractive and noteworthy part of the program was the introduction session for teachers handling Nursery through Grade 5. Each teacher took to the stage to address the audience.

Teachers shared where they come from, their educational qualifications, and their previous teaching experience. They detailed the subjects they handle, the innovative methods used to convey concepts easily to young children, and the integration of technology in the classroom. They also openly shared their personal teaching

experiences and the individual care they provide to identify and nurture each child's unique talents. This session reassured parents that the school possesses a highly experienced and dedicated teaching staff from diverse backgrounds.

In the open discussion that followed, parents had the opportunity to ask questions and share their views. The Principal and Coordinators provided clear answers regarding child safety, learning methodologies, school bus facilities, and healthy routines. The interactions took place in an open, transparent, and welcoming atmosphere.

Gratitude and Future Expectations

Parents expressed their sincere gratitude to the school management and teachers for their

dedication and seamless organization of the event. The audience unanimously expressed that this Orientation Program served to further strengthen the bond between the school and families.

The event officially concluded with the vote of thanks followed by the National Anthem. Parents and teachers departed ready to welcome the new academic year with renewed hope and enthusiasm.

Secondary Parent Orientation Program 2026-27

Mother Theresa CBSE School Secondary Section Teachers' Orientation Program 2026–27

To adopt new-age teaching and learning methodologies and to approach the upcoming academic year with renewed energy, a special orientation program was organized for the teachers of the Secondary Section at Mother Theresa CBSE School. The workshop was carefully planned with the vision of elevating the school's educational standards in the coming years and fostering an environment conducive to every student's personal and intellectual growth.

The official event commenced on a grand and heartfelt note with welcoming ceremonies. Bouquet presentations were extended to honor Coordinators Eliza Ma'am and Shyamala Ma'am, as well as Principal Dr. David Berkmans, all of whom play a pivotal role in the development and academic coordination of the school. These initial moments underscored the mutual respect, camaraderie, and dedicated commitment of the school's leadership team toward the upcoming academic session.

Following the welcome, the official proceedings of the orientation program were initiated under the precise guidance of the academic coordinators. The coordinators elaborated on the joint

responsibilities of teachers and coordinators in the educational journey, highlighting each educator's role in furthering the vision of the school. This opening session instilled confidence in the teachers to share innovative ideas and collectively enhance the learning environment.

A major segment of the program was the teachers' introduction session. All participating teachers shared details about their hometowns, educational qualifications, and teaching experience with their colleagues. The participation of educators coming from diverse regions and varied academic backgrounds highlighted the rich diversity within the school's faculty. Sharing their past experiences and teaching approaches helped foster better mutual understanding and team unity among the staff.

utilize digital learning tools that actively engage students within the classroom.

In addition, several key topics were discussed during the session, including school discipline, value-based education, student mental well-being, and effective parent-teacher communication. Teachers openly shared the practical challenges they face and explored viable solutions together. Getting clear insights and guidance from both the Principal and the Coordinators provided great clarity and confidence to the teaching team.

Without a doubt, this orientation program will play a crucial role in building a successful academic year ahead. The workshop concluded on a highly successful note, having enhanced the capacity of the faculty and laid a strong foundation for the overall growth of the institution. With fresh ideas and boosted energy, the secondary section teachers of Mother Theresa CBSE School are fully prepared to welcome students for the new academic session.

The focal point of the workshop was the address and discussion led by Principal Dr. David Bercmans. He presented a clear roadmap regarding modern educational practices, the latest CBSE academic guidelines, and technology-driven teaching methodologies. He emphasized the necessity of going beyond textbook knowledge to nurture critical thinking and creativity among students. Furthermore, he encouraged teachers to

Little Ones Drenched in Color and Joy: 'Monsoon Masti' Celebrated Memorably at Mother Theresa CBSE School

Sheltered under colorful umbrellas and embracing the cool drizzle, the Kindergarten tiny tots of Mother Theresa CBSE School warmly welcomed the monsoon season with joyful dance and play. Jointly planned and organized by the school management and teachers, the 'Monsoon Masti' event turned out to be an unforgettable experience, filling the hearts of the little ones with the beauty of rain, nature's charm, and a love for the environment. Stepping out of the monotony of

classrooms to experience the magical rhythm of rain firsthand, the children's eyes sparkled with boundless happiness and curiosity.

The event was organized with the aim of introducing the wonder of rain to children and nurturing environmental consciousness within them. Playing joyfully under artificial raindrops and floating toy boats in puddles, the kids thoroughly cherished these precious moments of childhood. Various engaging activities heralding the arrival of the monsoon were arranged across the school campus. Every tiny action of these little ones reflected pure delight and an eager eagerness to explore new things.

What brought perfection to this celebration was the dedication, expertise, and hard work of the school's teaching staff. The wall art, backdrops, and creative crafts prepared by the teachers for 'Monsoon Masti' were truly magnificent. Featuring colorful entrance arches and backdrop boards decorated with sea creatures, rain clouds, and rainbows, the ambiance transported the children into a world of wonder. Creative boards adorned with illustrations of crabs, seahorses, fish, and mushrooms proved that the teachers excel in artistic creativity just as they do in academics.

Dressed in vibrant raincoats and carrying bright umbrellas, the little ones arrived at the venue with great excitement. As umbrellas in shades of red, yellow, blue, and green opened simultaneously, the school courtyard transformed into a breathtaking canvas. Umbrellas and raincoats featuring popular cartoon characters added extra thrill. Splash-playing in rainwater, sprinkling water on one another, and singing rain songs, the children shared pure joy, beautifully demonstrating the concept of "learning through play."

Specially arranged mini swimming pools and water ball games in the school courtyard doubled the fun. The kids spent time splashing in the water and playing among bright blue balls. Seeing the innocent laughter and uninhibited happiness on their faces as they jumped around together warmed the hearts of everyone present. Teachers kept a constant watch to ensure that every single child played safely.

Beyond being just a fun celebration, events like these play a vital role in fostering personal and social growth in young children. This monsoon celebration empowered them to play together with peers, share toys, and understand the importance of togetherness. Teachers noted that this close bond with nature helps instill empathy and environmental awareness from an early age.

Child safety was given the highest priority throughout the program. Every activity was structured with strict adherence to timing and safety precautions to ensure children didn't catch a cold or fall ill. Immediately after the water play, teachers and support staff were readily available to dry the children, change them into fresh clothes, and provide warm drinks. The

wholehearted support of parents was also a major factor behind the grand success of this event.

Alongside the water play, traditional dances and music performances were organized to showcase the artistic talents of the young ones. Dancing to rain songs and twirling around, the children filled the hearts of both teachers and parents. Such activities are ideal for helping kids overcome shyness and build confidence. Teachers took special care to ensure active participation from every child.

In a digital era where childhood is often confined within four walls and mobile screens, 'Monsoon Masti' offered a rare and precious opportunity to reconnect with nature. The day proved that a school is not just a collection of classrooms, but a home for joyful experiences. This celebration paved the way to bring out the innate creativity in every child and helped them make wonderful new friends.

Toward the end of the event, teachers and staff posed together for photos, sharing heartfelt moments with the children. The beautifully planned 'Monsoon Masti' celebration has now become a cherished chapter in the academic diary of Mother Theresa CBSE School. This memorable day concluded with the promise of organizing more such enriching events prioritizing the holistic growth and happiness of the children in the days to come.

Imparting Lessons of Goodness and Etiquette: 'Respect & Courtesy Day' Celebrated Memorably at Mother Theresa CBSE School

With the noble objective of instilling high moral values and good manners in children from a young age alongside academic learning, 'Respect & Courtesy Day' was celebrated with great grandeur and significance at Mother Theresa CBSE School. The event successfully offered practical lessons to the little ones on how to respect parents, elders,

teachers, and peers, as well as the basic courtesies to follow in daily life. Highlighted by the adorable performances of the children and the flawless execution by the teachers, this day turned out to be a truly wonderful experience for the institution.

The active participation of the school's tiny tots made this program uniquely special. Through various cultural activities including skits, music, role-plays, and short speeches, the children showcased their brilliant creativity and acting talent. The short skits presented by the young ones as part of the celebration captured everyone's attention. Dressed up for various roles,

the children depicted how to speak to elders and how to behave politely on the road, at home, and in school.

Scenes highlighting the importance of honoring parents and senior citizens were presented with great authenticity. The sight of young children dressed in traditional attire and bowing respectfully to elders conveyed a powerful message of reverence to the audience. Through role-plays, the kids skillfully demonstrated the courtesy of offering seats to elderly passengers during bus journeys and assisting them while walking. They showed that receiving blessings from elders and treating them with love and humility are virtues to practice in daily life.

Holding placards and charts emphasizing the essential "magic words" of daily life—such as 'Sorry', 'Thank You', 'Please', 'Welcome', and 'Excuse Me'—the children took to the stage. Speaking confidently into the microphone, they clearly explained to their classmates the specific situations in which each word should be used. In a simple and engaging manner, they shared the message that one should never hesitate to apologize when making a mistake or to express gratitude when receiving help.

The children aligned together enthusiastically during a dedicated session titled 'Good Manners Activity'. It was a delightful sight to see them standing in unison with boards displaying

messages like 'Greet Others', 'Talk with a Smile', and 'Be Kind Always'. The confidence of the children as they spoke fluently into the microphone without stage fear filled the hearts of teachers and parents alike. This served as a fine example of how such events help children overcome inhibition and speak fearlessly on stage.

The efforts of the teachers behind the success of this program are highly commendable. The patience and dedication shown by the teachers in identifying each child's talent, guiding them onto the stage, and helping them understand the true meaning behind every line deserve special mention. Beyond training the children for the performances, the teachers stood by them throughout the event as anchors and mentors, bringing out the best creative potential in every single child.

Beyond conventional classroom education, Mother Theresa CBSE School strives through such celebrations to nurture a generation rooted in strong character and noble values. These values imprinted on young minds at an early age will surely brighten their future. This 'Respect & Courtesy Day' stood out as a major stepping stone in empowering children to respect elders and live with dignity in society.

Blending the charming performances of the children with the dedicated efforts of the teachers, the program concluded on a highly successful note. Celebrated in the presence of parents and teachers, this special day has become a cherished memory etched in the hearts of the little ones. The event ended with warm wishes for the young stars of Mother Theresa School to grow into promising, humble, and value-driven citizens of tomorrow.

SPORTS

Heart-Pounding Courage: The Inter-House Kabaddi Extravaganza

What echoed across the school grounds was not merely the noise of a sports competition, but the vibrant sound of our students' enthusiasm, discipline, and fighting spirit. Every moment of the match unfolded in a way that truly lived up to the

motto, "Where Every Breath Counts." Firmly planting their feet in the red soil of the arena,

locking eyes with their opponents, and crafting sharp strategies, these young players generated a thrill that left the spectators spellbound. When the raw power and lightning speed of the traditional sport of Kabaddi came together, the field transformed into a mini battlefield.

Kabaddi is not just about physical effort; it is a game of strategy, much like chess, played with the mind. The moment a player stepped into the opponent's court, they evaluated weak points and made split-second decisions within a fraction of a second. From locking their grip with ankle holds to fearlessly lunging forward with thigh holds, they created a masterclass of tactics on the ground.

The boys' division witnessed a fiery battle filled with high speed and physical strength. Raiders rushing back with points at lightning speed and defenders locking down their opponents without giving up—even when knocked down—kept the audience at the edge of their seats. Meanwhile, the girls' division demonstrated precise planning, strong defensive plays, and high endurance. Their focus and ability to anticipate every move of the opponent added a whole new grace to the arena.

Looking closely at the match photographs, one can see how brilliantly the students showcased their physical fitness and confidence. The sight of defenders leaping high into the air to stop raiders charging toward the boundary line was enough to amaze any true sports enthusiast. The chain defense they built—holding hands tightly to completely block the opponent's path—was a testament to their exceptional teamwork. In those final crucial seconds, as players dived onto the sand to touch the midline and retrieve escaping points, the unyielding desire to win was clearly visible in every child's eyes.

More than winning a school-level tournament, the true achievement lies in the sportsmanship and physical fitness cultivated among the students. Throughout the matches, the players displayed remarkable discipline by respecting the referees' decisions and maintaining utmost dignity toward their opponents. Even when standing on the brink of defeat, the loud cheers and applause from teammates outside the boundary doubled their spirit. The excitement that rose through the swirling dust clouds vibrated across the entire school campus.

Beyond celebrating the victory of any single team, the greatest success of this tournament was the discovery of so many new athletic talents. This Kabaddi spectacle brought to light numerous young stars capable of reaching great heights in sports in the future. As the tournament came to a close, there were no mere winners or losers left behind—only strong bonds, friendship, and a shared passion for sports. There is no doubt that the fighting spirit and cooperative mindset shown on the field will continue to guide them forward in their studies and lives.

Sky-High Excitement: The Inter-House Basketball Showdown

What echoed across the school basketball court was not merely the noise of a game, but a dazzling display of our students' determination, speed, and tactical brilliance. Fully embodying a high-flying spirit, the children poured passion into every dribble and every shot. The rhythmic bounce of the basketball against the vibrant synthetic surface, the swift footwork of the players, and the roaring cheers of the spectators blended together to create a truly magical atmosphere.

Looking at the match photographs, it is clear just how effortlessly the students displayed the high level of physical fitness and coordination required for a fast-paced sport like basketball. From the moment the ball was tossed in the air to kick off the game until the final whistle, the energy of players sprinting back and forth across the court was electrifying. The lightning-fast moves executed to dodge the opponent's defense and reach the basket, along with the perfectly timed

jumps to grab rebounds, were a delight for any sports enthusiast to witness.

discipline and respect toward their opponents, elevating the quality of the tournament. Every successful basket was met with thunderous applause and encouragement from classmates and teachers on the sidelines, boosting the players' momentum.

A great basketball game relies on split-second decision-making. The finesse shown by our young athletes in breaking through the defense to deliver accurate chest and bounce passes to their teammates was truly commendable. Precise three-pointers shot from beyond the arc and swift layups near the rim doubled the beauty of the game.

Both the boys' and girls' matches seamlessly combined speed with tactical awareness. Even during intense battles for possession, the players maintained remarkable sportsmanship and structured play. Guided by their teachers and coaches, the students demonstrated exceptional

Beyond wins and losses, this Inter-House Basketball Tournament succeeded in bringing out the athletic talent within our students while instilling the true value of teamwork. Many young stars showed immense potential to grow into exceptional basketball players in the future. As the echoes of the bouncing ball faded on the court, what remained in the hearts of the students were strong bonds, camaraderie, and unforgettable sporting memories.

KINDERGARTEN ACTIVITIES

Little Ones in the Light of Creativity: 'Shadow Art' Activity Conducted at Kindergarten

A unique 'Shadow Art' activity was organized at the kindergarten to nurture the talents and creativity of the little ones. Filled with curiosity and excitement, the children created beautiful shadow impressions of their tiny hands using shadows, light, and powder.

The children were thrilled to see the reflections of their own hands created by placing their hands on black paper, sprinkling white powder, and then lifting

their hands away. Teachers mentioned that this activity was conducted as part of making learning fun and engaging, helping to boost the children's imagination, concentration, and sense of teamwork. The active participation and enthusiasm of the little ones made the event a great success.

ACHIEVEMENT

A Moment of Pride for Mother Theresa CBSE School: Student Achieves Top Rank in the Indian Talent Olympiad!

A student of Mother Theresa CBSE School achieved a brilliant victory in the nationally conducted Indian Talent Olympiad 2025–26. By securing the 1st rank at the state level (State Topper), the student brought immense pride to both the school and the community.

In a grand ceremony held during the school assembly, the respected Principal, Dr. David Bercmans, honored the student by presenting the trophy and the cash prize award. The award presentation took place amidst enthusiastic applause from classmates and teachers.

During the assembly, the Principal highlighted the student's academic excellence and hard work, wishing them continued success in their future endeavors. Teachers noted that securing the top rank in an exam attempted by lakhs of students is a testament to the school's quality education.

This achievement reflects the school's environment, which empowers students to believe in themselves and overcome all obstacles. Hearty congratulations to our star achiever from the entire Mother Theresa CBSE School family!

* Hearty congratulations to Rishi Sagar Reddy, a student of Mother Theresa CBSE School, on his exceptional performance in the Indian Talent Olympiad 2025-26. Rishi, who secured the first rank at the state level (State Topper), was honored at a special assembly held at the school. In the ceremony, the revered Principal, Dr. David Bercmans, presented the State Topper certificate and the Cash Prize Award to the talented student. The assembly was attended by the school's teachers, students, and proud parents.

Students of Mother Theresa CBSE School brought pride to the institution once again by winning the prestigious Excellence Award in the Indian Talent Olympiad 2025-26.

In a grand ceremony held during the school assembly, the respected Principal, Dr. David Bercmans, honored the award winners by presenting them with medals. During the assembly, the Principal praised the students' academic excellence and hard work, wishing them continued success in all their future endeavors. The achievers were congratulated with warm applause from their fellow classmates and teachers.

STUDENT OF THE MONTH

We are proud to present our Student of the Month, a shining example of dedication, excellence, and leadership. This student has consistently demonstrated outstanding academic performance, a positive attitude, and a spirit of kindness and cooperation.

Throughout the year, she has excelled not only in the classroom but also in extracurricular activities, embodying the values of Mother Theresa CBSE School. Her perseverance, creativity, and respect for others have made her a role model and an inspiration to her peers and teachers alike.

Congratulations to **MS Shivakshika - LKG- CREATORS** for this well-deserved recognition! Your hard work and commitment set the bar high for all of us. We look forward to watching you continue to achieve greatness.

BEST ASSEMBLY OF THE MONTH

Best Assembly of the Month –July- Theme: Responsibility

Presented by Grade - XI - Groups are MPC, Bi.P.C, & M.Bi.P.C students - CREATORS

Responsibility is one of the most valuable traits that shape an individual's character and contribute to a disciplined and successful life. This was

beautifully showcased in the morning assembly conducted by Grade -XI- **Groups are MPC, Bi.P.C, & M.Bi.P.C students- Creators**, earning them the title of Best Assembly of the Month.

With enthusiasm and confidence, the young students demonstrated the essence of responsibility through thought-provoking speeches, meaningful skits, and inspiring quotes. The assembly began with a prayer, followed by a thought for the day, setting the tone for an insightful session. A captivating role-play was performed, portraying how being responsible in daily life whether at school, home, or in society leads to positive outcomes. The children also recited poems and shared real-life examples, reinforcing the importance of taking ownership of one's actions.

The highlight of the assembly was a motivational song, encouraging everyone to embrace responsibility in all aspects of life. The energy, discipline, and teamwork displayed by the students truly reflected their understanding of the theme.

The assembly concluded with words of appreciation from the school administrators and teachers, commending the students' outstanding performance. Their efforts not only secured them the Best Assembly of the Month title but also left a lasting impact on the audience, inspiring everyone to be more responsible in their daily lives.

Congratulations to Grade-XI - Groups are MPC, Bi.P.C, & M.Bi.P.C students CREATORS for their
